Un projecte educatiu des de la mirada sistèmica

L'educació és una de les grans preocupacions de la societat actual i els resultats de les proves internacionals surten a les portades dels mitjans de comunicació. Però la realitat és molt més rica que la imatge que es projecta a la televisió i hi ha experiències escolars i sistemes pedagògics que tenen com a objectiu oferir una formació global de la persona amb la transmissió de coneixements, valors i actituds mitjançant activitats arrelades a l'entorn social i familiar de l'alumne. El centre educatiu ha de ser una escola de vida oberta al món, inclusiva per a tothom i amb una pedagogia que intenti extreure el bo i millor de cada persona. En aquest llibre, Jordi Vilaseca ens explica la teoria i la pràctica d'un model educatiu diferent que, sense abandonar la normativa vigent, desenvolupa tota una sèrie d'activitats aplicables a qualsevol escola i nivell educatiu. Una manera engrescadora d'entendre l'educació i la vida.

«[...] una escola que té ànima, cor i cervell. Un ecosistema que uneix i nodreix la vida de moltes persones al voltant d'una idea clau: viure, créixer i convidaure. I aprendre al llarg d'un procés vital únic, irreplicable i apassionant, per tenir força, energia i confiança per trobar el lloc que cadascú té en aquest món.» (De la Presentació de Jordi Vilaseca)
