Sprawling Places

David Kolb

Sprawling Places David Kolb

People often bemoan the spread of malls, suburban strips, subdivisions, and other sprawling places in contemporary America. But are these places as bad as critics claim? In *Sprawling Places*, David Kolb questions widely held assumptions about our built environments.

Kolb agrees there is a lot not to like about many contemporary places, but to write them off simply as commodified “nonplaces” does not treat them critically. Too often, Kolb says, aesthetic character and urban authenticity are the focus of critics, when it is more important to understand a place’s complexity and connectedness. Kolb acknowledges that the places around us increasingly have banal exteriors, yet they can be complex and can encourage their inhabitants to use them in multiple, nonlinear ways. Ultimately, Kolb believes human activity within a place is what defines it. Even our most idealized, classical places, he shows, change over the course of history when subjected to new linkages and different flows of activity.

Engaging with the work of such writers and critics as Henri Lefebvre, Manuel Castells, Karsten Harries, and Christian Norberg-Schulz, Kolb seeks to move discussions about sprawl away from the idea that we must “choose between being rooted in the local Black Forest soil or wandering in directionless space.” By increasing our awareness of complexity and other issues, Kolb hopes to broaden and deepen people’s thinking about the contemporary built environment and to encourage better designs in the future.

From reader reviews:

Sally Oneal:

This book untitled Sprawling Places to be one of several books in which best seller in this year, that is because when you read this guide you can get a lot of benefit in it. You will easily to buy this particular book in the book retail store or you can order it by way of online. The publisher on this book sells the e-book too. It makes you more easily to read this book, since you can read this book in your Mobile phone. So there is no reason for your requirements to past this publication from your list.

Laura Wilson:

Reading a publication can be one of a lot of activity that everyone in the world likes. Do you like reading book so. There are a lot of reasons why people like it. First reading a reserve will give you a lot of new information. When you read a reserve you will get new information due to the fact book is one of many ways to share the information or maybe their idea. Second, studying a book will make anyone more imaginative. When you reading through a book especially hype book the author will bring someone to imagine the story how the figures do it anything. Third, you are able to share your knowledge to others. When you read this Sprawling Places, you could tells your family, friends and also soon about yours publication. Your knowledge can inspire different ones, make them reading a e-book.

Will Cathcart:

People live in this new moment of lifestyle always attempt to and must have the time or they will get large amount of stress from both day to day life and work. So , if we ask do people have extra time, we will say absolutely without a doubt. People is human not a robot. Then we request again, what kind of activity have you got when the spare time coming to you of course your answer may unlimited right. Then do you ever try this one, reading publications. It can be your alternative inside spending your spare time, the book you have read is actually Sprawling Places.

Josue Denson:

This Sprawling Places is great publication for you because the content and that is full of information for you who all always deal with world and possess to make decision every minute. This particular book reveal it information accurately using great arrange word or we can say no rambling sentences within it. So if you are read the idea hurriedly you can have whole info in it. Doesn't mean it only offers you straight forward sentences but difficult core information with lovely delivering sentences. Having Sprawling Places in your hand like having the world in your arm, facts in it is not ridiculous one. We can say that no guide that offer you world inside ten or fifteen second right but this e-book already do that. So , it is good reading book. Heya Mr. and Mrs. stressful do you still doubt that?
