Life is definitely not easy for 32-year old Rosie O'Doyle Keefe, but she can handle working in New York City's World War II shipyards--until her foreman winds up dead--right after she rebuffed his "requirements" for a promotion. . .

Never one to sit back and hope for the best, Rosie discovers that everyone who knew the foreman had good reasons to kill him off. She also finds that she has a surprise ally in the darkly handsome police lieutenant Jack Riordan. But Jack also has to produce a viable suspect for his captain in five days--even if it has to be Rosie. . .

Before long, the mystery spirals onto the streets of wartime New York. With the clock ticking and her freedom on the line, Rosie and Lieutenant Riordan will need to join forces to find the truth and catch the now very desperate killer. . .who may be much closer then they think!
