## The Making of the European Spatial Development Perspective: No Masterplan (RTPI Library Series)

Andreas Faludi, Bas Waterhout

The European Spatial Development Perspective (ESDP) is published in eleven official EU languages and so is the most international planning policy document that exists. This book is the only comprehensive account of the process of preparing, negotiating and adopting this document. It outlines the differing perspectives of the European member states and shows that the last thing its proponents wanted is a masterplan. *The Making of the European Spatial Development Perspective* is a unique book offering a snapshot of contemporary European spatial planning.
