Applications of ATILA FEM Software to Smart Materials: Case Studies in Designing Devices (Woodhead Publishing Series in Electronic and Optical Materials)

ATILA Finite Element Method (FEM) software facilitates the modelling and analysis of applications using piezoelectric, magnetostrictor and shape memory materials. It allows entire designs to be constructed, refined and optimized before production begins. Through a range of instructive case studies, Applications of ATILA FEM software to smart materials provides an indispensable guide to the use of this software in the design of effective products.

Part one provides an introduction to ATILA FEM software, beginning with an overview of the software code. New capabilities and loss integration are discussed, before part two goes on to present case studies of finite element modelling using ATILA. The use of ATILA in finite element analysis, piezoelectric polarization, time domain analysis of piezoelectric devices and the design of ultrasonic motors is considered, before piezo-composite and photonic crystal applications are reviewed. The behaviour of piezoelectric single crystals for sonar and thermal analysis in piezoelectric and magnetostrictive materials is also discussed, before a final reflection on the use of ATILA in modelling the damping of piezoelectric structures and the behaviour of single crystal devices.

With its distinguished editors and international team of expert contributors, Applications of ATILA FEM software to smart materials is a key reference work for all those involved in the research, design, development and application of smart materials, including electrical and mechanical engineers, academics and scientists working in piezoelectrics, magnetostrictors and shape memory materials.

- Provides an indispensable guide to the use of ATILA FEM software in the design of effective products
- Discusses new capabilities and loss integration of the software code, before presenting case studies of finite element modelling using ATILA
- Discusses the behaviour of piezoelectric single crystals for sonar and thermal analysis in piezoelectric and magnetostrictive materials, before a reflection on the use of ATILA in modelling the damping of piezoelectric structures

From reader reviews:

Richard Reardon:

Throughout other case, little individuals like to read book Applications of ATILA FEM Software to Smart Materials: Case Studies in Designing Devices (Woodhead Publishing Series in Electronic and Optical Materials). You can choose the best book if you like reading a book. So long as we know about how is important the book Applications of ATILA FEM Software to Smart Materials: Case Studies in Designing Devices (Woodhead Publishing Series in Electronic and Optical Materials). You can add know-how and of course you can around the world by just a book. Absolutely right, because from book you can understand everything! From your country until finally foreign or abroad you can be known. About simple factor until wonderful thing you are able to know that. In this era, we can open a book or perhaps searching by internet gadget. It is called e-book. You can use it when you feel bored stiff to go to the library. Let's go through.

Samuel Travis:

This Applications of ATILA FEM Software to Smart Materials: Case Studies in Designing Devices (Woodhead Publishing Series in Electronic and Optical Materials) book is just not ordinary book, you have after that it the world is in your hands. The benefit you have by reading this book is information inside this publication incredible fresh, you will get data which is getting deeper you read a lot of information you will get. This kind of Applications of ATILA FEM Software to Smart Materials: Case Studies in Designing Devices (Woodhead Publishing Series in Electronic and Optical Materials) without we comprehend teach the one who reading it become critical in imagining and analyzing. Don't become worry Applications of ATILA FEM Software to Smart Materials: Case Studies in Designing Devices (Woodhead Publishing Series in Electronic and Optical Materials) can bring when you are and not make your carrier space or bookshelves' grow to be full because you can have it with your lovely laptop even phone. This Applications of ATILA FEM Software to Smart Materials: Case Studies in Designing Devices (Woodhead Publishing Series in Electronic and Optical Materials) having good arrangement in word and layout, so you will not really feel uninterested in reading.

Annie Hiatt:

The knowledge that you get from Applications of ATILA FEM Software to Smart Materials: Case Studies in Designing Devices (Woodhead Publishing Series in Electronic and Optical Materials) will be the more deep you digging the information that hide inside words the more you get enthusiastic about reading it. It does not mean that this book is hard to be aware of but Applications of ATILA FEM Software to Smart Materials: Case Studies in Designing Devices (Woodhead Publishing Series in Electronic and Optical Materials) giving you joy feeling of reading. The author conveys their point in particular way that can be understood through anyone who read it because the author of this book is well-known enough. This specific book also makes your personal vocabulary increase well. So it is easy to understand then can go together with you, both in printed or e-book style are available. We propose you for having this kind of Applications of ATILA FEM Software to Smart Materials: Case Studies in Designing Devices (Woodhead Publishing Series in Electronic and Optical Materials) instantly.

Kimberly Hogan:

Don't be worry for anyone who is afraid that this book will probably filled the space in your house, you might have it in e-book method, more simple and reachable. This Applications of ATILA FEM Software to Smart Materials: Case Studies in Designing Devices (Woodhead Publishing Series in Electronic and Optical Materials) can give you a lot of buddies because by you considering this one book you have matter that they don't and make you more like an interesting person. This specific book can be one of one step for you to get success. This reserve offer you information that possibly your friend doesn't recognize, by knowing more than other make you to be great people. So , why hesitate? Let us have Applications of ATILA FEM Software to Smart Materials: Case Studies in Designing Devices (Woodhead Publishing Series in Electronic and Optical Materials).
