The Anthropology of Welfare

The Anthropology of Welfare provides an overview of what anthropology has to offer welfare studies and vice-versa.

Case studies from anthropologists in the field, examine different branches of welfare and community care, for example:

- * Maternity services
- * Children with learning difficulties
- * Children's homes
- * Mothers' centres
- * People with HIV
- * Mental health centres
- * Housing
- * Care and provision for the elderly.

Contributors focus on comparative welfare systems - examples are taken from urban and rural areas of the UK, USA, Sweden, Germany, Portugal, and New Zealand. In each case the theoretical and methodological appropriateness of social anthropology for the study of welfare, and the insights gained by bringing anthropology and welfare together are examined.
