The Oxford Handbook of Military Psychology (Oxford Library of Psychology)

Michael D. Matthews, Janice H. Laurence

The Oxford Handbook of Military Psychology (Oxford Library of Psychology) Michael D. Matthews, Janice H. Laurence

The critical link between psychology and the military is important to recruiting, training, socializing, assigning, employing, deploying, motivating, rewarding, maintaining, managing, integrating, retaining, transitioning, supporting, counseling, and healing military members. These areas are hardly distinct, and the chapters in *The Oxford Handbook of Military Psychology* have contents that cross these boundaries. Collectively, the topics covered in this volume describe the myriad ways in which modern psychology influences warfare and vice versa. The extensive topics included come from within the areas of clinical, industrial/organizational, experimental, engineering, and social psychology. The contributors are top international experts in military psychology -- some uniformed soldiers, others academics and clinicians, and others civilian employees of the military or other government agencies. They address important areas in which the science and practice of psychology supports military personnel in their varied and complex missions. Among the topics addressed here are suitability for service, leadership, decision making, training, terrorism, socio-cultural competencies, diversity and cohesion, morale, quality-of-life, ethical challenges, and mental health and fitness. The focus is the ways in which psychology promotes the decisive human dimension of military effectiveness. Collectively, the 25 topical chapters of this handbook provide an overview of modern military psychology and its tremendous influence on the military and society as a whole.

From reader reviews:

David Waymire:

What do you ponder on book? It is just for students since they're still students or the idea for all people in the world, exactly what the best subject for that? Only you can be answered for that problem above. Every person has diverse personality and hobby for every other. Don't to be compelled someone or something that they don't need do that. You must know how great in addition to important the book The Oxford Handbook of Military Psychology (Oxford Library of Psychology). All type of book would you see on many options. You can look for the internet solutions or other social media.

William Devine:

People live in this new day of lifestyle always try and and must have the spare time or they will get lot of stress from both daily life and work. So , when we ask do people have time, we will say absolutely sure. People is human not really a robot. Then we consult again, what kind of activity are you experiencing when the spare time coming to a person of course your answer can unlimited right. Then do you ever try this one, reading books. It can be your alternative inside spending your spare time, the book you have read is actually The Oxford Handbook of Military Psychology (Oxford Library of Psychology).

Lavada Rowlett:

Are you kind of busy person, only have 10 or maybe 15 minute in your day time to upgrading your mind expertise or thinking skill even analytical thinking? Then you are having problem with the book in comparison with can satisfy your limited time to read it because all of this time you only find guide that need more time to be read. The Oxford Handbook of Military Psychology (Oxford Library of Psychology) can be your answer mainly because it can be read by an individual who have those short spare time problems.

Tara Winston:

What is your hobby? Have you heard that will question when you got scholars? We believe that that concern was given by teacher to the students. Many kinds of hobby, Everybody has different hobby. And also you know that little person including reading or as studying become their hobby. You should know that reading is very important as well as book as to be the issue. Book is important thing to include you knowledge, except your teacher or lecturer. You discover good news or update in relation to something by book. A substantial number of sorts of books that can you go onto be your object. One of them is actually The Oxford Handbook of Military Psychology (Oxford Library of Psychology).
