- A call for new structure and ways of behaving as church by an experienced church officer

Church-wide discussions continue about the emergent church, attracting young people, financial survival, corporate structure, relationships with the Anglican Communion, and other ongoing issues, while age-old behaviors and patterns continue to derail progress. This book offers concrete examples from a systems perspective as to how intentionality in leadership based on shared foundational theories has the potential to empower our church to be the transformative entity God called it to be.
