Forscherfragen: Berichte aus der Wissenschaft von morgen (German Edition) Monika Rößiger

Wir können uns eine Welt ohne Wissenschaft kaum noch vorstellen: Das »Prinzip Forschung« hat unser Weltbild geprägt. Aber selten nur wissen wir, wer hinter den Erkenntnissen steht, die globale Probleme lösen helfen, hinter Forschungsergebnissen, die unseren Alltag angenehmer machen oder uns einfach klüger.

»Forscherfragen« stellt neun Wissenschaftler und ihre bahnbrechenden Arbeiten in unterschiedlichen Bereichen der Naturwissenschaften vor. Von der Suche nach den Anfängen des Universums bis zu einem Enzym, mit dem sich altersbedingte Krankheiten aufhalten lassen, vom Klimawandel bis zum Malariamedikament, vom Sonnenstrom aus der Wüste bis zur Erforschung der Druckverhältnisse im Erdinnern: Monika Rößiger führt in Berichten und Interviews durch das Spektrum naturwissenschaftlicher Erkenntnisse.

Doch »Forscherfragen« ist mehr als eine Passage durch die »Wissenschaft von morgen«: Es ist ein Ausblick auf das, was Forschung leisten kann, und es ist zugleich eine Ermutigung, in Zukunftsfragen auf die Expertise unabhängiger Wissenschaftler zu setzen.
