How often do you think about the concept of privacy? In all likelihood, not very often. However, in today's digitally driven society, it is important that we are aware of how our actions are monitored, and our personal histories stored. What do you know about data protection and privacy laws? How would you feel if all your text messages, emails and Internet searches were saved and available to Government bodies at the click of a button? Privacy in the UK explores these issues, considering both positive and negative viewpoints. The information inside comes from a variety of sources, including newspapers, magazines, government reports and charity groups; providing different perspectives on challenging topics. At the end of the book is a selection of activities that will encourage interaction, literacy, critical thinking and independent research. Content is accessible and engaging, tailored primarily towards the 14 to 18 age group.

#### **Neil Nilsson:**

As a scholar exactly feel bored to help reading. If their teacher asked them to go to the library or to make summary for some publication, they are complained. Just very little students that has reading's heart and soul or real their passion. They just do what the trainer want, like asked to go to the library. They go to there but nothing reading critically. Any students feel that reading through is not important, boring and also can't see colorful photos on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this Privacy in the UK: 245 (Issues) can make you sense more interested to read.
