Success is a very personal and individual achievement. It can be defined as how well you have progressed towards a particular aim. There may be times when you feel that you have not experienced success in a while, and you may not know how to achieve the success you craved. The advice you obtained from friend and other sources may also contain huge abstract ideas but may not be practical to implement in real life.

In this book, you'll discover 9 essential elements that can help you realize your goals and achieve a successful life. These 9 essentials are

- are stated clearly and concisely
- are easy to follow and understand
- are practical and do not just comprise huge abstract ideas
- can guide anyone towards achieving the success they crave

You'll also be guided step-by step towards mastering each of these 9 essentials. For example, you'll learn

- what success truly means
- how taking total charge of your life would empower you for success
- how believing in yourself can give you the full confidence to succeed
- what features your goals should have to ensure they've the highest chance of getting achieved
- and much more

Begin achieving your dreams and aspirations today.
