Household Spanish William C. Harvey

This updated language-learning book presents an informal, user-friendly Spanish course for non-Spanish speakers who need to learn fundamental words and expressions in Spanish in order to communicate with Latino employees in the household or workplace. This new edition keeps up with current social trends, taking into account the increasing frequency in which Anglos and Spanish-speakers converse, not only as employers and employees, but also as co-workers. Rather than emphasize dry rules of grammar, author William Harvey teaches informal, idiomatic conversational Spanish. Passages in the book recreate typical scenes in household or workplace with appropriate dialogue passages. This book can also be purchased as a package that includes three audio compact discs.
