Ten of the most fertile imaginations in science fiction and fantasy come together in one book to create new worlds, new universes, new times, new places, and new realities.

Master of alternate history Harry Turtledove tells a story of the future that casts a frightening light on the present. Award-winners Adam-Troy Castro and Janet Berliner provide two tales of very different kinds of magic. Old master Charles L. Sarah Zettel looks at the future of computers, Nancy Jane Moore considers the future of gender roles, and bestselling author Craig Shaw Gardner visits a planet called Elvis.
