Answering the Objections of Atheists, Agnostics, and Skeptics Ron Rhodes

Many arguments from atheists, agnostics, and skeptics are difficult, or at least intimidating, for most Christians to answer. With clear reasoning and understandable language Ron Rhodes provides readers with the explanations and scriptural background they need to respond to common arguments against faith including:

- There is no such thing as absolute truth.
- Genesis is a myth, not a scientific account.
- A loving God cannot exist--there is too much evil and suffering.
- If God created all things, how did He create Himself?
- Sin is an outdated concept.

With this resource, Christians will be able to confidently respond to logical arguments against the foundations of Christianity.
