On Wheels * Six-Gun Planet: Two Novels of the Future John Jakes
Two visions of the world gone mad, from master storyteller John Jakes

In *On Wheels*, the United States has become so overpopulated that a tenth of its people have no home. Instead, they spend their lives on the highway. With all of the dangers of the road, dropping below forty miles per hour would mean certain death—even for men like Billy Spoiler. The clans of the open road spend their lives battling each other for control of the freeway, and the Spoilers are no exception. They never give up, never pull over, and never take their hand off the throttle.

On the colony world of *Six-Gun Planet*, cowboys ride robot horses. In an effort to escape the corrupting influence of technology, the people of this strange, isolated world they call Missouri have reset the clock to 1880, building a civilization of main streets, saloons, and bordellos, where it is always high noon. Reluctant gunslinger Zak Randolph thinks the whole set-up is ridiculous, but he goes along with it because there's good money in playing the part of a western hero. When notorious gunslinger Buffalo Yung challenges him to a duel, though, Zak gets serious. Missouri's horses may be fake, but its bullets are definitely real.

This ebook bundle features an illustrated biography of John Jakes including rare images from the author's personal collection.
