## **Creatività e Conoscenza (Italian Edition)** Luigi Gulizia

Il tema del libro riguarda le peculiari caratteristiche dell'essere umano, cioè l'attività creativa e l'attività conoscitiva.

La prima parte è dedicata alla storia del "lavoro" a partire dall'originaria schiavitù passando per la servitù della gleba e arrivando alla situazione odierna nella quale non sono i padroni a cercare gli schiavi, ma gli schiavi a cercare i padroni.

Poichè, però, in una società davvero umana non è la produzione di merci lo scopo della vita, ma la cooperazione collettiva alla produzione di beni, è questa seconda a permettere lo sviluppo delle potenzialità creative e cognitive da quando la scoperta del fuoco ha prodotto una radicale evoluzione della nostra mente. La seconda parte ripercorre la storia di questa evoluzione. La terza e la quarta parte sono dedicate all'analisi delle attività creative e cognitive.
