## I Kill the Mockingbird Paul Acampora

When Lucy, Elena, and Michael receive their summer reading list, they are excited to see *To Kill A Mockingbird* included. But not everyone in their class shares the same enthusiasm. So they hatch a plot to get the entire town talking about the well-known Harper Lee classic. They plan controversial ways to get people to read the book, including re-shelving copies of the book in bookstores so that people think they are missing and starting a website committed to "destroying the mockingbird." Their efforts are successful when all of the hullabaloo starts to direct more people to the book. But soon, their exploits start to spin out of control and they unwittingly start a mini revolution in the name of books.
