Materiality, Rules and Regulation: New Trends in Management and Organization Studies (Technology, Work and Globalization)

Materiality, Rules and Regulation: New Trends in Management and Organization Studies explores the different ways in which material artefacts are able to enforce regulation and thus replace formal (textual) norms and rules or direct supervision. This book explores valuable insights using approaches such as post-Marxism, Institutionalism, Neo-Institutionalism, Process studies, Regulation Sociology and Affordance literature from a macro and micro-perspective on organizations and the material underpinnings of regulation. The focus is on how new mediations are enacted materially and how new institutions and environments take shape.
