## **Vie de Jesus (French) (French Edition)** Ernest Renan

Une histoire des «Origines du Christianisme» devrait embrasser toute la période obscure, et, si j'ose le dire, souterraine, qui s'étend depuis les premiers commencements de cette religion jusqu'au moment où son existence devient un fait public, notoire, évident aux yeux de tous. Une telle histoire se composerait de quatre livres. Le premier, que je présente aujourd'hui au public, traite du fait même qui a servi de point de départ au culte nouveau; il est rempli tout entier par la personne sublime du fondateur. Le second traiterait des apôtres et de leurs disciples immédiats, ou, pour mieux dire, des révolutions que subit la pensée religieuse dans les deux premières générations chrétiennes. Je l'arrêterais vers l'an 100, au moment où les derniers amis de Jésus sont morts, et où tous les livres du Nouveau Testament sont à peu près fixés dans la forme où nous les lisons. Le troisième exposerait l'état du christianisme sous les Antonins. On l'y verrait se développer lentement et soutenir une guerre presque permanente contre l'empire, lequel, arrivé à ce moment au plus haut degré de la perfection administrative et gouverné par des philosophes, combat dans la secte naissante une société secrète et théocratique, qui le nie obstinément et le mine sans cesse. Ce livre contiendrait toute l'étendue du IIe siècle. Le quatrième livre, enfin, montrerait les progrès décisifs que fait le christianisme à partir des empereurs syriens.
