**American Theocracy: The Peril and Politics of Radical Religion, Oil, and Borrowed Money in the 21st Century** Kevin Phillips

**An explosive examination of the coalition of forces that threatens the nation, from the bestselling author of *American Dynasty***

In his two most recent bestselling books, *American Dynasty* and *Wealth and Democracy*, Kevin Phillips established himself as a powerful critic of the political and economic forces that rule—and imperil—the United States, tracing the ever more alarming path of the emerging Republican majority's rise to power. Now Phillips takes an uncompromising view of the current age of global overreach, fundamentalist religion, diminishing resources, and ballooning debt under the GOP majority. With an eye to the past and a searing vision of the future, Phillips confirms what too many Americans are still unwilling to admit about the depth of our misgovernment.
